## UTAH ORATOR SPEAKS ON TRUE WOMANHOOD

Monsignor Cushman, vicar general of the diocese of Salt Lake, the gifted visitor, will speak tomorrow night at the evening devotion in St. Patrick's church. The right reverend gentleman paid a beautiful tribute to motherhood and, particularly American motherhood, on Sunday evening to the great delight and pride of his hearers who expressed a wish that the sentiments would be repeated for the benefit of those who could not attend the Knights of Columbus banquet, and deference to this request the guest has consented to talk on the merit of true womanhood.

The religious exercises will consist of the coronation ceremony conducted by Rev. P. J. Cronin and Rev. W. J. Flynn, beginning at 7:30 o'clock.

## RED CROSS CONTRIBUTION

This morning the Bonanza received a check for \$100 from H. C. Brougher, dated at Oakland, with a note requesting that the amount be turned over to the Nye county Red Cross.

## PARENTS AND FRIENDS INVITED TO VISIT SCHOOLS NEXT FRIDAY TO INSPECT WORK OF PUPILS

"Visiting day" this year in the Tonopah schools will be held on Friday, May 31. On that day the patrons and all others interested in the work of the schools are cordially invited to spend an hour, two hours, or all day in inspecting the work of the various departments. It has been decided as best this year to make a display chiefly of the work in penmanship and in Red Cross work. Tonopah is one of the few schools in Nevada that has employed a supervisor of penmanship and that has had every one of its grade teachers take penmanship in a regular class under an expert. Under Miss Mamie Sullivan, the supervisor, every teacher has qualified for a Palmer penmanship certificate and is competent to teach or supervise the subject satisfactorily. The regular grade teachers have conducted their penmanship classes under the supervision of Miss Sullivan and the schools

are anxious to show the public the progress that has been made under this plan during the past two years. Each room will have on display samples of the writing of each child in that room and they ask parents and the public in general to come and see the progress.

The display of work done for the Red Cross will be found in the old high school building on the hill. The work accomplished by the boys will be found in the rooms on the first floor of the building and the work of the girls on the second floor. All this work has been done without the least interfering with the objects sought in the teaching of manual training and domestic science and the young people have had a fine opportunity to do patriotic service for their country. The only way to realize what these young people have been doing is to spend a few hours on Friday in that building.

## SAVE WHEAT PRODUCTS FOR BOYS IN FRANCE

The following circular from Herbert Hoover, addressed to Thomas Lindsay, food administrator for Nye county, deserves the closest attention of every reader of the Bonanza. It is not a question of complying with the request, but every body should of his own accord adjust himself to the conditions so that the wheat products will be conserved even to the point of doing entirely without them. It is a matter of loyalty rather than one of obligation. The full text of the message which was read in all churches of Tonopah last Sunday, is as follows:

The situation with regard to wheat is the most serious in the food supply of the allied world. If we are to satisfy the suffering millions in allied countries, our consumption of wheat in the United States, until the next harvest must be reduced to one-third normal. It is inconceivable that we should fail in this crisis. For each of us who can personally contribute to the relief of human sufferings it is a privilege, not a sacrifice. All elements of our population cannot bear this equally—those engaged in physical

labor need a larger bread ration than those in sedentary occupations. Because of lack of home baking facilities, many households require a food ration already prepared, such as the "bakers' standard Victory bread." Furthermore, we must safeguard the health of children and invalids.

To meet the situation abroad and to prevent serious suffering at home, it is imperative that all those whose circumstances permit shall abstain from wheat and wheat products in any form, until the next harvest.

It is realized and deeply appreciated that many organizations and some communities have already agreed to follow this plan. It is hoped that you will communicate this to your organization and your community urging those whose circumstances permit, to join us and take this stand.

(Signed) HERBERT HOOVER, United States Food Administrator.

But what does an old salt on a concrete ship ejaculate as a substitute for "salver my timbers."—Anaconda Standard.

## JUNIOR RED CROSS WILL SHOW WORK

On Friday afternoon of this week the Junior Red Cross will hold a public exhibition showing the varied activities of the organization along war lines. The affair will be held in the domestic science rooms of the old high school building, and all those interested in this important branch of patriotic service are asked to attend. Samples of all work done during the year will be shown and the variety and excellence of these examples will without doubt be a source of astonishment to many who are not in close touch with the efforts that the children have put forth under the direction of Mrs. Hugh Brown, Professor Dilworth, Professor Cross and Mrs. Katherine Smith. The work has been thoroughly systematized so that exactly the same problems are taught as in the regular course of study, the only difference being that now the children work for humanity instead of themselves. You owe it to yourself to inform yourself on Friday afternoon in regard to the remarkable work being done in the Tonopah schools.

## ALL KINDS WEATHER DURING TEN HOURS

Tonopah has had a taste of every sort of weather to be found in the change room of the weather man during the last three days. This morning and yesterday ice formed on water exposed to the elements and the mercury sank to 25 degrees for two hours Monday morning. This morning the lowest reading was 27, but there was a keen wind that caused the blood to tingle and make pedestrians step lively. During the day several attempts at snowing were observed, then it rained and, for a couple of hours the sun was shining with some of its old time warmth, only to usher in a miniature thunderstorm at 2:30 this afternoon, punctuated with vivid lightning. The weather indications favor warmer weather tomorrow.

## FRENCH BRED COLT WINS BIG PURSE

(By Associated Press.)

NEW YORK, May 23.—Trompe La Morte, a French-bred three-year-old chestnut colt, by Verwood Marsa, owned by J. E. Widener of Philadelphia, won the Metropolitan handicap, on one mile, over the Belmont Park race track yesterday in 1:35 2-5. Old Koenig ran second and Priscilla Mullens, third. Omar Khayyam, the favorite, ran sixth.

The result was unlooked for, as it was believed that Omar Khayyam, valued at \$200,000 by his owner a few days ago, with Roamer and Old Koenig would divide the honors and money between them. The stake had a guaranteed value of \$5000.

Old Roamer held the lead until the heading into the stretch for home, after Old Koenig ran him into submission. Old Koenig was closely followed by Trompe La Morte. Priscilla Mullens also passed Roamer and went flying after the leaders. In the run through the stretch to the wire the French colt, who carried only 90 pounds, caught and passed Old Koenig, winning in a drive by a length and a half.

Hendrie, Roamer, Omar Khayyam, Walnut Hall and Hank O'Day finished in the order named.

T. W. Chapman, history teacher in the Tonopah high school, was elected last evening to the principalship of the Las Vegas schools. Mr. Chapman has been a popular and successful teacher in the local high school for the past two years and his resignation will be a distinct loss to our schools. Executive work will be no new work to Mr. Chapman, as he served several years as principal of a large school in Illinois before coming to Tonopah, and his success in the work in the Las Vegas schools is assured.

## GUESTS HOMEWARD BOUND

This morning's train took out a number of the distinguished guests who came to attend the Knights of Columbus ceremonies. They had intended returning yesterday but the attractions and hospitality of Tonopah caused them to banish the thought. The following went out: Charles A. Maguire, of Ogden; Leonard B. Fowler and Frank J. Byington to Reno; Ed. Malley, P. A. McCarran and Lieutenant Governor Maurice J. Sullivan to Carson City.

## AMUSEMENTS

## THE BUTLER TODAY

One of the most effective introductions that any photoplay has had is found in Jewel Carmen's drama, "The Bride of Fear." The picture holds the interest from the first flash on the screen. The film opens with a view of a flickering gas jet. A woman's hand is seen stealing slowly, hesitantly, toward it. The camera follows along the arm and discloses the face of the owner. It is a beautiful girl living in a hall bedroom. Her expression is plainly that of one wearied of all things. The slender fingers reach for the burner. The light is turned out. Then she turns the gas on again, but this time it is not lit. This dramatic situation, so frequently the climax of a story is merely the beginning of "The Bride of Fear," a gripping tale with a smashing finish. The second feature is "Boy Scouts to the Rescue or Aids of the Nation." It is practically a screen message to the boys and girls of America, and their parents, from the Scouts of America, and shows the work they are doing for their country, general and thrilling dramatic interest. The principal characters are enacted by boys who are professionals, also many officials and members of the British Boy Scouts, including Robert Baden-Powell himself, who personally appears in the action story. One reel picture of the rodeo taken in San Francisco during the last Liberty loan drive. This rodeo features Douglas Fairbanks riding wild horses, horse racing and roping. Tomorrow, "The Garden of Allah."

## STATE MEETING OF THE KNIGHTS OF COLUMBUS

The eighth annual convention of the Knights of Columbus met yesterday afternoon and adjourned after deciding to hold the next session in Reno on the third Monday in May. Addresses were delivered by Justice P. A. McCarran, Frank T. Dunn and Charles A. Maguire of Ogden. Resolutions expressing confidence in the administration of President Wilson were adopted. The election of officers resulted in the choice of Denis N. Nolan for state deputy; J. R. Daley, of Goldfield, secretary; W. P. Kinney, of Ely, treasurer; W. G. Peters, of Reno, warden, and Frank T. Dunn, of Goldfield, council, advocate.

Leonard B. Fowler proposed the name of C. J. Leonides, of Reno, for the position of advocate, but Dunn was elected. For alternates to the national convention, J. E. Hogan, Reno, and P. A. McCarran, Carson City, were the unanimous choice. The delegates to the supreme convention, which will be held this year in New York City, are the state deputy and past state deputy. Reports were received showing that the order had constructed 89 buildings in various cantonments and had 14 under contract at an average cost of \$15,000 for each building. The order has disbursed over \$5,000,000 for war work, of which \$10,000,000 was raised through the big drive inaugurated last fall. The Catholic war camp fund organized in the diocese of New York raised \$4,500,000 for work among the soldiers and sailors and the Knights of Columbus received \$2,500,000 for their share.
